

New Pricing Policy

The club has historically charged the same subscription fee for both its adult and youth memberships. The club recognises that this pricing policy needs to change as the youth elements are being disadvantaged by the rising costs and they are the primary focus of the club.

The following membership levels have now been agreed by the Committee:

- ***Adult Subscription*** fee is to be charged for those over 18 years of age.
- ***Youth Subscription*** fee is to be charged for those under 18 years of age.
- ***Study/Development Concession*** (members that are working towards a specific non-BSAC qualification/award, see a committee member for details)
- ***Qualified Junior Leaders/Assistant Instructors*** will be charged 50% of the youth fee.
- ***BSAC Qualified Instructors*** will not pay a membership subscription fee.

NB: For the Study/Development Concession you need to notify the Club Secretary, before you start the term, that you are working towards an award.

A late payment fee of £5 will be levied if the subscription is not received within two weeks of the due date for all membership categories.
